AND YUMA WEEKLY EXAMINER

VOLUME XLIV. NUMBER 34.

YUMA, ARIZONA, THURSDAY, JULY 9, 1914.

ARIZONA SENTINEL FOUNDED 1870

## Yuma's Political Pot is Beginning to Boil

### ARIZONA MILITIA GIVEN CHANCE TO WORK UP TO THE STANDARD

(Special to the Yuma Daily Examiner)

PHOENIX, Ariz., July 8.—Secretary of War Lindley M. Garrison has suspended till January 1 the order that all government property must be withdrawn from Companies C. D and L, of the National Guard of Arizona. The companies have till that time to conform to the standards of the war department and the militia law. If they do not conform they must be mustered out.

A letter to this effect has been received from Secretary Garrison by Governor Hunt. Immediately after the order was issued Governor Hunt wrote the department, explaining that conditions in Arizona differ from what they are in the thickly settled eastern states, and it is more difficult to maintain an effective militia organization, though it is exceedingly more important that at state on the Mexican border have such an organization.

Secretary Garrison wrote that he desired to give the Arizona militia every chance and would suspend the order till the first of next year.

Company C is stationed at Tempe, D at Mesa and L at Yuma.

### DONOVAN IS OUT FOR COUNTY SUPERVISOR

For a conservative business man in the office of supervisor it will be hard to find a better man than John Donovan, of the valley, who as president of the Water Users' Association, and a large land owner, has proven his worth. He asks the Democrats to nominate him at the coming primaries.

### DEVANE ASKS FOR A RE-NOMINATION

D. L. DeVane, who for the past three years has held the office of Clerk of the Superior Court with much credit to the office and himself, announces in this issue of the Examiner that he intends to go before the primaries and ask the Democrats of Yuma county for re-nomination.

Mr. DeVane feels that he has held the office long enough to learn the business and can now be of much greater service to the people of Yuma county than ever before, and there is good logic in his reasoning, and Duncan L. DeVane is without doubt one of the best office men Yuma county knows of.

### 'JULIO' IS RUNNING FOR CONSTABLE JOB

Every court session still further demonstrates that Julio Martinez is amply able to fill the office of precinct constable for which he asks the Democratic electors to re-nominate him at the September primaries.

"Julio," by which name everybody knows him, was born in Yuma and for years has been a peace officer. Strong, courageous and careful as an officer at all times, he deserves well at the hands of his constituents.

He proveth best who loveth best  
All things both great and small;  
For the dear God who loveth us,  
He made and loveth all.

—Coleridge.

Every morning seems to say:  
"There's something happy on the way  
And God sends love to you."

—Henry Van Dyke.

### JUDGE J. C. JONES IS OUT FOR JUSTICE

Judge J. C. Jones now asks for re-nomination as Justice of the Peace of Yuma precinct. He has filled the office with credit for the past three years and his well known working knowledge of law makes him peculiarly fitted for the office.

The Judge has practically a clear right of way, and if what the "little bird" says is any criterion, he will be elected for Justice of the Peace.

### 'BILL' TIMMONS IS SPEEDIEST ATTORNEY

The speediest big man in Yuma, Attorney W. F. Timmons, who in the July 4 fat man's race helped Marshal Levy to break the tape at the finish after starting ten feet behind him at the pistol shot, is admitted to be the most agile big man in the Southwest, and as an attorney in this and former sessions of the Superior Court, he has surprised even his most intimate friends by his successful efforts in many important cases; therefore it is not surprising that close friends are urging him to run for the office of county attorney; but as yet he has not consented to do so.

### AL PURTELL WISHES TO BE THE CONSTABLE

Another good Democrat is out for the office of Precinct Constable. Everybody who has business at the court house knows "Al" Purtell, who has announced his intention to run for constable at the coming primaries. He will make a good fight for the nomination and a lot of good friends say he is a winner.

### F. A. POWER WANTS TO BE A SUPERVISOR

F. A. Power, or "Cete," by which he is best known, is one of the youngest of the candidates for office. Few men have more friends or less enemies and he should poll a large Democratic vote at the September primaries for the office of County Supervisor.

### GUS LIVINGSTON IS NOW OUT FOR SHERIFF

The expected has happened, and genial Gus Livingston, whom everybody knows as the "Sheriff," is out "strong" for the nomination of county sheriff, and has every reason to believe that the Yuma Democrats will give him what he asks for.

It's an old and true story, that anything worth having is worth asking for, and with twelve years' experience as sheriff here, Gus feels that he has proven his capabilities and is amply justified in asking for the office which by nature and experience he is best able to fill with credit to himself and most satisfaction to his constituents.

"Truth is the first object; truth is great and will prevail if left to herself."

### CHINA TO SPEND \$800,000 IN MARVELOUS DISPLAY AT THE PANAMA-PACIFIC EXPOSITION.

TING CHI CHU, commissioner of China to the Panama-Pacific Exposition, states that China's representation at the Exposition will entail an outlay of \$800,000, of which at least \$300,000 will be expended on the Chinese pavilion, shown above. Chu is a graduate of Harvard. Mrs. Chu, as Miss Pinga Hu, graduated from Wellesley college in 1913.

### REPUBLICAN COMMITTEE MEETS IN PRESCOTT COL. PENDER, A NOTED MINING MAN, IS DEAD

PRESCOTT, July 7.—With the appointment of Robert E. Morrison as chairman of a committee to decide upon what terms the Republicans would meet the Progressives in the placing of a ticket in the field this fall, Republican leaders in conference here Saturday, voiced approval of the sentiment to extend an invitation to the Progressives to join hands with the Republicans at the primaries.

About one hundred Republican leaders took part in the conference but the Progressives took no part and were not even represented.

### DR. RAY FERGUSON IS IMPROVING HIS RANCH

Dr. Ray Ferguson took a corn cultivator from the E. F. Sanguinetti implement shop yesterday for use on his valley ranch. Dr. Ferguson has over forty acres in corn and the crop looks promising indeed, and he expects to plant a much larger acreage next year. His ranch is one of the finest and most improved ranches in the valley, and belonged to C. E. Denmark before Dr. Ferguson purchased it.

### SUSTAINS UNUSUAL INJURY BY FALLING

H. E. Peoples suffered what might have been a more serious accident this morning when he caught his foot over a large loose fragment of broken pavement in front of his place of business in the Gandolfo block.

Mr. Peoples sustained a severely lacerated arm, and feels himself very fortunate that he was not more seriously injured as the jagged condition of the pavement certainly looked bad, he said.

For the world is full of roses,  
And the roses full of dew,  
And the dew is full of heavenly love  
That drips for me and you.

—James Whitcomb Riley.

In the death of Col. James W. Pender a few days ago in El Paso, Yuma county lost one of her most notable veterans. He was at the time of his death the principal owner of the Fortuna mines and was known to a great many Yumaites.

Col. Pender was 83 years old, and so far as known he had no living relatives. When the Civil War began, Pender enlisted and rose to the position of chief of artillery in the command of General Longstreet. His artillery opened the bloodiest battle of the Civil War, and in this engagement his cousin, General Pender, was also killed.

Colonel Pender came of the American branch of the famous English Pender family. His uncle, Lord Pender, laid the Atlantic cable. He married a daughter of Lord Greville. Other members of the family were prominent in English politics. He was born in Virginia in 1831 and was educated at Cornwall Mining School in England.

Among his notable achievements was the building the first railroad across the Andes, connecting Chile and Peru, and the building of the first copper refinery in Japan. He had mined in Ceylon, South Africa, Abyssinia, and all the big camps of North and South Africa and China. He is reputed to have made millions in his ventures, but he lost it all in other unsuccessful enterprises.

### ACCUMULATED VAST ESTATE HERE IN YUMA

Wupperman & Wupperman, attorneys, have recently invoiced the estate of the late John Stoffela. This estate is valued at \$165,000 in Yuma county real estate, and in addition there is considerable real estate in Maricopa county, bringing this big estate up to something like \$200,000.

Mr. Stoffela made his first money in Yuma some twenty odd years ago by winning a horse race from J. M. Molina. The stake he won was the Stoffela building, in which is now the Balaz meat market. Since then Mr. Stoffela made fortunate investments in Yuma real estate and the income from this estate now is said to be close to \$1,000 per month.

### 'DEAD' FIRECRACKER BLISTERED HIS EYES

Howard, the youngest son of Supervisor F. E. Elliott, narrowly escaped a serious accident a few days ago which might have resulted in the loss of an eye. The young hopeful had lighted a firecracker which did not explode, and he proceeded to investigate the cause of the trouble, and was looking into the firecracker when it went off, scorching his brow and eye lashes and blistering the eyeball severely. Dr. E. C. Wills was summoned immediately, and the injured member promptly and properly cared for, and no complications will result.

### PETITION FOR ROAD OUT FIRST STREET

Carroll Power filed a petition yesterday with the board of supervisors requesting a new road in the valley which will for the most part be a continuation of First street to the government railroad. Several miles of highway are involved and as that portion of the country is building up most rapidly, it will be a very much needed and appreciated improvement.

Walter Winn, Carroll Power and County Surveyor Brooks were the committee in charge and the community congratulates them upon the success of their well-directed efforts.

### PROPOSES SUPPORTING DEPENDANT CHILDREN

WASHINGTON, D. C., July 8.—(Special to the Yuma Daily Examiner by J. E. Jones)—Miss Julia C. Lathrop, chief of the Children's Bureau of Washington says that last year more than half of the state legislatures had under consideration bills providing for the support of dependent children in their own homes. It appears that 21 states now have in operation laws providing aid to mothers in varying sums and under varying conditions.

The earliest of these laws was secured in 1911. "Thus it will be seen," says Miss Lathrop, "that in two years there has come into existence in the states representing half the population of the country a type of young children home life and the personal care of a good mother. No one quarrels with this purpose. On the other hand, the opinions of experts on social betterment do not agree as to the wisdom of trying to secure this purpose through so-called pension legislation, as will be seen by an examination of the discussions referred to in the bibliography. The methods and standards prescribed in the different states vary."

THE WAITER AND THE SMARTY  
"Smarty" undertook with ill-success to have a bit of fun with a most serious-looking waiter in a New York cafe.

"Waiter," said he, "I desire you to bring me a grilled crocodile."

"Yes sir," said the waiter perfectly unmoved.

"And waiter, bring it with butter."

"Yes sir."

The servitor stood like a statue for a moment.

"Well," said the smarty, with a fatuous grin, "aren't you going to fill the order?"

"Yes sir."

"Then why don't you go about it?"

"Orders are, sir, that we receive pay in advance for crocodiles, sir. The crocodiles with butter, sir, are \$125.30. If you take them without butter, sir, they're only \$100.00."—N. Y. Times.

### NOT THE SAME

The Washington Star credits the late Mayor Gaynor with this criticism of a novelist who began with promise and became a "best seller":

"How did he start in to write?"

"With a wealth of thought."

"And how has he kept on?"

"With a thought of wealth."

### DEMOCRATS ARE TAKING THE LEAD

From present indications, long before the primaries of September 8 the Yuma political situation will be boiling over—and that with Democratic material only. The field is teeming with Democratic candidates who seem to have the courage of their convictions and want the "deer pee-pul" to know just where they stand.

The Examiner has many announcements on page 3, of Yuma's most prominent citizens, in some instances several, for each elective office, and, of course, the titanic struggle will be ended at the primaries when the number of candidates in the field will be reduced about one-third.

If the Democracy of Yuma Co. looks well to the kind of timber that one-third is composed of, it will have a tendency to raise the standard of political candidates because the better the Democratic candidate the better the opposition will have to be, for it is generally admitted that the county administration has a tremendous advantage in Yuma this year, and it will be worse than useless for the Progressives to nominate any but the best material available, with any thought of winning.

Yuma citizens will not stand for any of the old Republican political ring, and it doesn't require a wise man to see it.

There is a little talk of a non-partisan ticket, combining most of the opposition to the present Democratic administration, but this is a remote possibility; at least there is much opposition to this among Progressives, who insist on standing by their guns—win or lose—and this is the proper stand. Any other position would be for revenue only, and the people are getting weary of that.

The opposition will likely not make much noise until the primaries and after that the grand finale will be between the Democrats and Progressives and it will be a good, clean fight.

The Examiner wants to see the best men win.

### INTERNAL WATERWAYS

The country has long felt that the "pork barrel" method of appropriations for rivers and harbors was not in keeping with good principles of good government. Senator Newlands of Nevada is making a fight for a government commission to map out a systematic plan for internal waterways improvement. While vast sums of money are actually necessary for the internal highways of the country, yet the present system has produced no end of scandal, and millions of dollars of the government money has no doubt been absolutely wasted under the "pork barrel" methods.

### SOCIALIST COUNTY TICKET TO BE MADE

At our meeting next Saturday night (July 11), the Socialist party of Yuma county will nominate its county ticket. Every red card Socialist in good standing will be entitled to vote. The ticket nominated will be placed on the official primary ballot and thus obtain its place on the regular official ballot at the general election. A good lively meeting is promised and it is hoped that we will have a full house.

PETER T. ROBERTSON,  
94-99 Organizer.

### YUMA RESERVATION 40 ACRE UNIT FOR SALE

Forty-acre unit, near Bard, above seepage belt, no alkali, all payments made in full to December 1, 1914, seven acres been cleared, leveled and in crop; payments paid amount to over \$800. If quick authorized sell \$1000 cash. Examine Unit O. Section 34, E. P. Teasdale, 312 Severance Building, Los Angeles. 95-100
